INDUSTRIAL MIST COLLECTOR

Airflow
SYSTEMS INC.

SPECIFICATIONS

Construction:	18 ga. steel, cabinet coated with oil resistant paint
Blower Pkgs (HP):	0.5, 0.75
Noise Level (dBA):	65 (0.5 HP), 68 (0.75 HP)
Electrical:	0.5 HP - 115V, std, 7.4 amps. 0.75 HP - 115/1/60, 10 amps.
After-Filters:	99.97% HEPA, 95% DOP and odor modules.
Dimensions:	W- 23" H- 39" D- 15"
Air Flow Max (CFM):	450, 600 (w/ 0.75 HP)
Weight (lbs.):	108

*Shown with optional
positioning arm and
optional gauge

Compact Industrial Mist Collector with Powerful Performance

The Airflow Systems Mist-Pak is a compact, high-capacity mist collector designed for efficient source capture and simplified OSHA compliance. Its non-electrostatic design, Ultra-Seal® filter mounting, and direct-drive blower provide reliable, low-maintenance operation without belts or pulleys. Built from durable 18-gauge steel with an oil-resistant finish, the unit operates on standard 115V power, delivers up to 600 CFM airflow, and features quiet operation with a built-in silencer. Its vertical, space-saving design supports easy installation and effective drainage, while optional HEPA, DOP, and odor-control filters provide high-efficiency air filtration.

Options

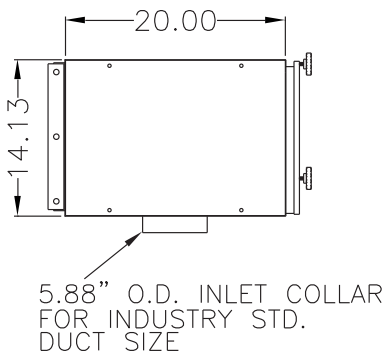

- **Pressure Gauge Kit:** Indicates when filters require cleaning.
- **Chevron® Mist Eliminator:** Effectively removes moisture; improves filtration effectiveness and extends filter life.
- **DOP/Heavy Smoke Filter:** Provides 95% efficiency.
- **Hanging Kit:** For ceiling mount.
- **Slotted Hood**
- **Positioner Arm:** Self-supported positioner arm in 5-ft. and 8-ft. lengths.
- **0.75 HP High Pressure Motor:** Raises air flow to 600 CFM.

Features & Benefits

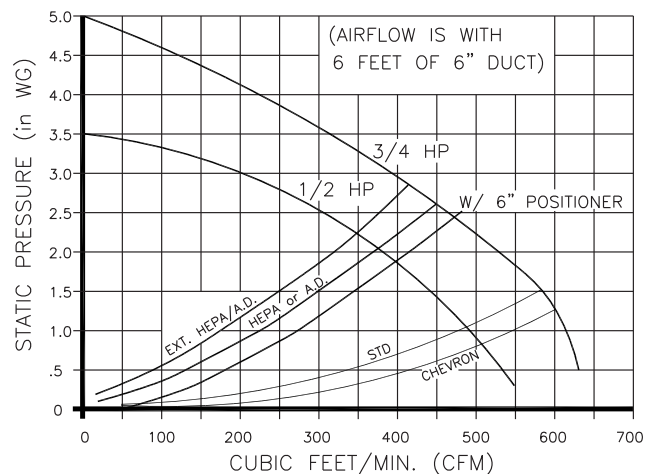

- **High Capacity Source Capture:**
Simplifies OSHA compliance.
- **Standard 115V Operation:** Low-cost energy requirements.
- **Non-electrostatic Operation:** High reliability, low maintenance.
- **Ultra-Seal® Filter Mounting:** Eliminates contaminant bypass of filters.
- **Vertical Design with Small Footprint:**
Eases installation, aids draining.
- **Built-in Silencer:** For quiet operation.
- **Direct-drive Blower:** Greater reliability, no belts or pulleys to replace.
